

# Universal Online

## Part C EI Curriculum

### What:

- A national curriculum of the early intervention process
- Current topics include the Seven Key Principles and Agreed Upon Practices and Foundational Pillars of Early Intervention
- Asynchronous, online, interactive modules with embedded videos and learning activities
- Original PowerPoint file with scripted notes
- “Bite-size” version of the presentations that breaks the content into smaller sections
- Facilitator’s Information Guide providing guidance for using the materials
- Supplemental Resources
- Modules adaptable for state specific information

**Why:** To share consistent, research based methods and materials for use as a training tool and/or family resource across the nation.

**Who:** The Early Intervention-Early Childhood Professional Development Community of Practice (EI-EC PD CoP), formed a working group comprised of members with extensive experience developing and delivering early intervention training.

**How:** The workgroup surveyed the EI-EC PD CoP to learn about existing materials, resources and needs. Survey responses helped to focus the module content.

**Where:** All materials are currently housed on a free workspace used as the landing pad for the “Universal Online Part C EI Curriculum.” Materials and resources are located at the following web address: <http://universalonlinepartceicurriculum.pbworks.com/w/page/79638626/Universal%20Online%20Part%20C%20EI%20Curriculum>
